Line Up

Filip

Voice / Electric guitar / Acoustic guitar

- Vocal microphone (provided) connected to mono effects pedal – XLR mono or 6.3mm
- Pedalboard with guitar effects, Vox MV50 amp with Soundelirium speaker cabinet – instrument mic
- Secondary output from pedalboard (additional guitar effects) – 6.3mm mono jack
- Acoustic guitar has an XLR output
- 2 power sockets (230V 50Hz European plugs)

Honza

Voice / Bass

- Vocal microphone (provided)
- Pedalboard with effects, bass amp with Soundelirium speaker cabinet – XLR mono, optional instrument mic
- 2 power sockets (230V 50Hz European plugs)

Máťa

Voice / Drums / Samples

- Vocal microphone (provided)
- DC custom drums, vintage club - 20", 10", 14", cymbals - Sabian HH 14", Crash 18", Ride 20", Meinl tambourine
- Sampler, output via DI box that needs 48V phantom power – output XLR mono
- 1 power socket (230V 50Hz European plugs)

Equipment

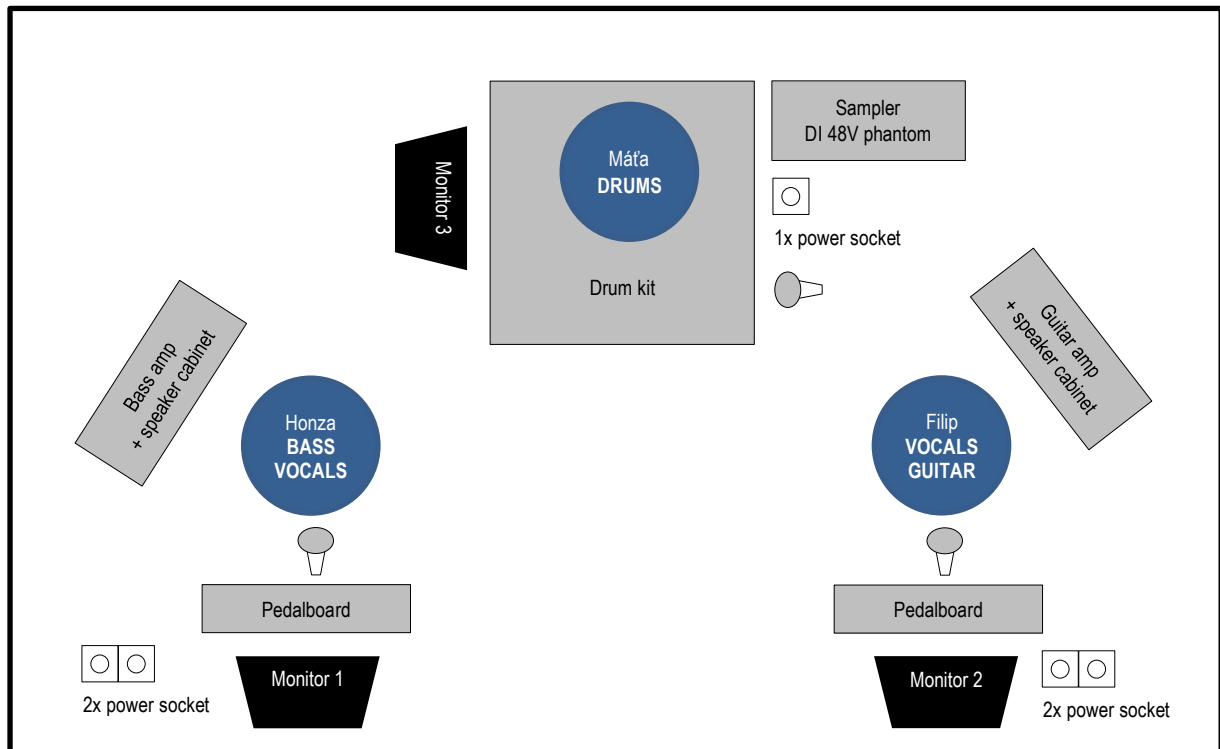

The band will supply 3x microphones for vocalists, vocal effects pedal, electric guitar, acoustic guitar, bass, guitar amp and speaker cabinet, guitar effects, bass amp and speaker cabinet, bass effects, drum kit, sampler and connected active DI box.

Please provide:

- Carpet, optional drum riser
- 3x monitor wedges
- 2x microphone stands for vocalists
- Instrument microphones (guitar, sufficient microphones to adequately mic the drums)
- Instrument microphone stands (incl. mic drum kit)
- Wiring
- Adequate AC cable to provide power at either side and rear of the stage
- PA system
- Mix table
- FOH engineer

If the venue is unable to provide any of the equipment above, please contact Filip (info@holbornstereo.com) so we can coordinate other arrangements.

Miscellaneous

You can listen to Holborn Stereo's music here: <https://soundcloud.com/holbornstereo>
 Sound should be similar to Blur or other 1990s britpop/indie rock band.

Thank you for your cooperation!
